## OBJECTIVE

---

- Enthusiastic sophomore aiming for a career in IT cyber security. I'm eager to apply my learning and passion for tech to help protect digital systems. I'm excited about the opportunity to learn more about threat detection, risk assessment, and proactive defense strategies. With a commitment to learning and a drive to continuously improve, I'm ready to contribute to the cybersecurity field and grow both personally and professionally.

## EDUCATION

---

### Kean University

BS, Information Technology

Dean's List (GPA: 3.8)

Union, NJ
